

Aussie Fellas

(Verse 1)

C **F**
 White fella - black fella - I'll tell ya' what's the matter,
C **G**
 We've got white fella - black fella - on the brain,
C **F**
 Unless we stop discriminatin' - you and me both stop hatin',
C **C**
 In simple black & white we're down the drain.

(Chorus)

C **F** **G** **C** **F** **G**
 Stand together - head held high, Don't close your mind nor your eye,
C **C** **F** **G** **C**
 Stand together - side by side, We're all Aussie fellas in this land.

(Verse 2)

C **F**
 Mixed up - thrown together - does it really matter whether,
C **G**
 We've got different colours to our skin,
C **F**
 Are we good to one another? Are we sister, mother, brother?
C **G** **C**
 Is this the same Australia that we're in?

(Chorus)

(Verse 3)

C **F**
 Left side - right side - inside - outside
C **G**
 Does life only come in black and white?
C **F**
 The moods of life change everyday - colours never stay one way,
C **G** **C**
 Consider how things look in a different light.

(Chorus)

(Verse 4)

C **F**
 Aborigine fella - English fella - Asian fella - German fella,
C **G**
 What is it that you don't understand?
C **F**
 This is our home of birth - we are the country's worth,
C **G** **C**
 We're all Aussie fellas in this land.

(Chorus)

C **G** **C**
 Yes we're all Aussie fellas in this land.
