

## I wouldn't trade a diamond

**C**

Making tracks - finding faces

**G**

Going places I never thought I'd be

**C**

Looking back - don't cease to amaze me

**G C**

The things that make me - what I am

### *Chorus*

**F****C**

And I wouldn't trade a diamond - I wouldn't change a flaw

**F****C****G**

I'd go digging in the gorges - Climb mountains for more

**F****C**

Dive deep into the ocean for a pearl inside a clam

**G C**

I wouldn't trade a diamond - they make me what I am

**C**

Facing facts - there've been diasters

**G**

The hidden masters - they had a plan for me

**C**

Going forward - I embrace my pathway

**G C**

I try and not stray from who I am

### *Chorus*

(Instrumental verse)

### *Bridge*

**C****F****C**

So I'll go walking - I'll sing my song

**G****C**

If you're walking with me - join in and sing along

### *Chorus*
