Just you and me in the yard

(Verse 1)
D G D
The old farm has seen better days
A
From the years when the family were young,
G D
We worked it as hard as a family could,
G D
Paid for the schooling – they grew up good,
G A
Now we don't need to work it so hard,
G A D
There's just you and me in the yard.

(Verse 2)
D G D
Christmas and the family around,
A
The Christmas tree is still tall,
G D
The kids call in with the grand children,
G D
Babies and ladies and all of them kin,
G A
The years have flown – was it really that hard,
G A D
There's just you and me in the yard.

(Verse 3)
D G D
Years pass – the farm gets us by,
A
The cattle - a crop of sweet corn,
G D
I know sometimes my memory grows dim,
G D
But the good times we shared will never give in,
G A
I'd live it again – it wasn't that hard,
G A D
Now there's just you and me in the yard.

(Repeat first verse)
G A D
There's just you and me in the yard.
