

Madness

(Verse 1)

D **G** **D** **A7**
 If I don't go mad please tell me I'm sane - it's the least you could do for a friend,
D **G** **D** **A7** **D**
 But don't tell me a lie and I'll tell you why - take pity - I'm only a man.

(Verse 2)

G **D** **A7**
 If I travel the world and never succeed then find myself dead without dying,
D **G** **D**
 Please kill me my friend then I'll know in the end,
A7 **D**
 That all of my life I was lying.

(Verse 3)

G **D** **A7**
 If I plead in the court I'm not innocent sir - yet you find that I'm not to blame,
D **G** **D**
 Please pass a sentence to show through the pretence,
A7 **D**
 That blameless guilt is a shame.

(Verse 4)

G **D** **A7**
 If I count the hours and never grow old then stop the world there and then,
D **G** **D**
 There's no more time - stop the pantomime,
A7 **D**
 It's the end of the act once again.

(Verse 5)

G **D** **A7**
 If that is the answer then please ask the question - I've many a thought to explain,
D **G** **D**
 Bob Dylan he said it and millions have read it,
A7 **D**
 You're only a pawn in the game.
