

**Rattling in the Jar**

(Verse 1)

**C** **G**  
 I was talking to a music entertainment man  
**C** **C**  
 He said "If you want to get your songs out - you need a different plan"  
**C** **G**  
 You're too old - and your music's not in a style  
**C**  
 I said "Whoa - hang on a bit & just wait a while"  
**G**  
 I'm not so sure - that you're - as clever as you think you are  
**F** **G** **C**  
 My songs are forever - they're just rattling in the jar.

(Chorus)

**C** **G**  
 Working in your brain, Sending you insane  
**F** **G** **C**  
 Me & my guitar are rattling the Jar

(Verse 2)

**G**  
 Time is an illusion - not a finite thing  
**C**  
 There will be a song transfusion - the Circle will ring  
**G**  
 Time will cycle round - change of minds and change of tunes  
**C**  
 They'll come back again like Winter in June  
**G**  
 And in time - when I'm - picking my guitar  
**F** **G** **C**  
 Sitting round a fire - we'll be rattling the jar.

(Chorus)

**C** **G**  
 Working in your brain, Sending you insane  
**F** **G** **C**  
 Sitting round a fire - Rattling in the Jar

**(Verse 3)**

My songs are forever - they'll always be here, **G**  
 They're written in stone - rattling in your ear, **C**  
 Don't write them off - they'll be coming round - forever & forever **G**  
 Forever is a long time - we'll be singing them together **C**  
 And my song - it has been sung - and when you're driving in your car **G**  
 You'll find yourself humming - just rattling in the jar. **F G C**

**Chorus**

**C** **G**  
 Working in your brain, Sending you insane  
**F G C**  
 You'll find yourself humming just rattling the Jar  
**C** **G**  
 Rattling in the jar, Rattling in the jar  
**F G C**  
 My songs are forever they're just rattling the Jar
