

Sit back, join in and sing

(Verse 1)

G **C** **G**
 You may not get what you want but you will get what you need,
D **D7**
 Instead of a field, you may just get a seed,
G **C** **G**
 You can take it or leave it - it won't change the course,
D **G**
 Go round and round in circles bring you back to the source.

(Chorus)

C **G**
 No you can't change a thing - sit back, join in and sing,
D **D7**
 If you were meant to fly God would have given you wings,
G **C** **G**
 Keep walking on the road - in the light - an easy load,
D **D7** **G**
 No you can't change a thing - sit back, join in and sing.

(Verse 2)

C **G**
 Life can be hard - it can be tough,
D **D7**
 Sometimes with all your trying - still can't get enough,
G **C** **G**
 Well it's simple you see - understand the code,
C **G**
 You don't call the shots - just keep walking down the road.

(Chorus)

(Verse 3)

Happiness, you know, it seems to find you,
 Stop trying so hard - let the sun shine through,
 Change your life - change your world,
 Sing and dance - spin and whirl,
 You can't change a thing so sit back, join in and sing.

(Chorus)
