

**Trying to find the love (Stormy Start)**

(Verse 1)

**D**                    **G**                                    **A**  
 Uninvited, ignoring their breaking sounds  
**D**                                    **G**                    **A**                                    **D**  
 Handling, shoving my hands in their darkest wounds, trying to soothe  
                                 **G**                    **A**  
 Validation, in mending their souls  
**G**                                    **A**                                    **D**  
 Broken Hearted, mocking my goals

(Chorus)

**G**                                    **F**                    **D**  
 Follows me, been everywhere I've been  
**F**                                    **D**                    **G**  
 Trying to find the love deep inside  
                                 **F**                                    **D**  
 Reaching out, stroking my heart  
**F**                                    **D**                    **G**  
 It's been right there from our stormy start  
**C**                                    **D**                                    **G**  
 Trying to find the love that's deep inside

**A**

(Verse 2)

**D**                                    **G**                    **A**  
 Couldn't see past, what I wanted it to be  
**G**                                    **A**                                    **D**  
 Master of disguises, that was me  
                                 **G**                                    **A**  
 Hungering for it, night and day  
**G**                                    **A**                    **G**                    **A**                    **D**  
 Wondering how could I make love stay

(Chorus)

**G**                                    **F**                    **D**  
 Follows me, been everywhere I've been  
**F**                                    **D**                    **G**  
 Trying to find the love deep inside  
                                 **F**                                    **D**  
 Reaching out, stroking my heart  
**F**                                    **D**                    **G**  
 It's been right there from our stormy start  
**C**                                    **D**                                    **G**  
 Trying to find the love that's deep inside (X 2)

(Bridge)

**D** **G**  
Been my own victim too many times to count  
**D** **G**  
Taking it down, collecting my bounty  
**D** **G**  
Standing my ground, because I can  
**F** **D** **F** **D** **G**  
Choosing to love me, exactly as I am

(Repeat Verse 1)

**G** **C** **D**  
Uninvited, ignoring their breaking sounds  
**G** **C** **D** **G**  
Handling, shoving my hands in their darkest wounds, trying to soothe  
**C** **D**  
Validation, in mending their souls  
**C** **D** **G**  
Broken Hearted, mocking my goals

(Chorus)

**G** **F** **D**  
Follows me, been everywhere I've been  
**F** **D** **G**  
Trying to find the love deep inside  
**F** **D**  
Reaching out, stroking my heart  
**F** **D** **G**  
It's been right there from our stormy start  
**C** **D** **G**  
Trying to find the love that's deep inside (X 3)
