

## When We Were Young

(Verse 1)

**D** **G**  
 I wonder how things would have gone if we'd have met when I was young,

 Wonder where things would have led - wonder if we would have wed,  
**G Em A** **G D**  
 When we were young.

(Verse 2)

**G** **D**  
 Darling some things never change - we would still remain the same,

 Love has reasons - lives through seasons,  
**A**  
 We just never ever see them,  
**G Em A** **G D**  
 When we're young.

(Verse 3)

**D** **G**  
 Time and tide wait for no man - count the years - sift the sand,

 One and one is always two - people do what people do,  
**G Em A** **G D**  
 When they are young.

(Verse 4)

**G** **A** **D**  
 In the future will I suit ya' - or will I be discarded - gone,  
**G** **A**  
 Irrespective of the season or for any well thought reason,  
**G Em A** **G D**  
 When I'm no longer young.
