

You live your life - I'll live mine

(Verse 1)

D **A7** **D**
 You've seen me when I've been down - You saw me through when you didn't have to,
G **A7** **D**
 You've been a friend and now I ask... "What do we do now?"

(Chorus 1)

D **A7** **D**
 You live your life - I'll live mine - I'm happy just loving you.
D7 **G**
 I don't want to take the chance - our friendship's on the line,
D **A7** **D**
 You live your life - I'll live mine.

(Verse 2)

D **A7** **D**
 We've both been through the long dark night - The fear of pain - all over again,
G **A7** **D**
 You've caught my thoughts and now I dream - What do we do tonight?

(Chorus 1)

(Verse 3)

D **A7** **D**
 It isn't easy to keep love on hold - But it may be worth - heaven on earth,
G **A7** **D**
 You're a shining light and now I wonder - What does the future hold?

(Chorus 2)

D **A7** **D**
 If you live your life - I'll live mine - I'm happy just loving you.
D7 **G**
 I don't want to take the chance - our future's on the line,
D **A7** **D**
 You live your life - I'll live mine.

(Repeat 1st Chorus)
