

You were there & I was too

(Chorus)

G **C** **D** **G**
 I could just reach out and take hold of you - you were there & I was too,
C **D** **G**
 I could have held onto you just for a moment or two - you were there & I was too.

(Verse 1)

C **D** **C** **G**
 Lying by the fire in the gentle light - somewhere in the night - things were right,
C **D** **C** **G**
 Somehow all of the pieces fell into place - there was no race - an easy pace.

(Chorus)

(Verse 2)

C **D** **C** **G**
 Nothing between us that's how it's meant to be - light & fancy free - simple harmony,
C **D** **C**
 Emotions are not intended to play a part - But affairs of the heart - just where do they
G
 start.

(Chorus)

(Verse 3)

C **D** **C** **G**
 Sometimes a moment can be a long, long time - caught in a rhyme - a beat in time,
C **D** **C** **G**
 The morning's bright - a brand new day - there's no more to say - nothing in the way.

(Chorus x 2)
